CONSTRUCTION

# CONSTRUCTION

Our attention to detail and persistence of quality workmanship makes our work stand out above others.

Z Projects | Construction, as General Contractor, is an innovative and proficient team of construction professionals dedicated to providing the best in construction value and satisfaction to our customers. Based in Houston and Dallas, Z Projects | Construction strives to provide hands-on service and deliver quality work within the budget and schedule constraints of our customers. Our hands-on approach means closely planning and tracking every aspect of the project from pre-construction through post-construction, all while maintaining open communication with the client. We work hard to develop close relationships with subcontractors, holding them to the same standards of quality, integrity and accountability that we provide.

Whether the project requires a single installation or a turnkey solution, we are committed to quality of work, professional service, and quality that exceeds our customer's expectations.

### PRE-CONSTRUCTION
